

P365

1 lost opportunity, from each sales person. Every week.

How much will that impact your team's sales performance in a year?

Bad leads management, misinformation and lack of real-time updates could lead to lost opportunities! You can avoid this with **P365 Property Sales**, an end-to-end robust solution that enables you to perform sales and marketing tasks on-the-go and more efficiently!

Get these done anytime and anywhere, on any device

P365 Property CRM Platform

Generate Awareness & Leads

Employ data-driven marketing campaigns to reach and engage with your target audiences more effectively.

Understand Your Customers Better

Manage, monitor and track your leads and conversion rates to better understand your customers' intent and interest.

Manage & Convert Leads

Showcase and obtain key project information in an e-sales gallery and book units online in real-time.

Connect with Customers Post-sales

Serve your customers better through self-service mobile tools such as a purchaser's app and defect tracking app.

Make Sense of your Data

With our business intelligence tool, you can leverage on real-time data analytics to make quick informed decisions wherever you are. You and your team can obtain insights on marketing campaigns that you run, sales performance, and loan performance, just to name a few.

Get in touch with us for a demo on **P365 Property Sales** and discover how you can drive better results and productivity throughout your property sales journey.
